DETAILED ACTION

Specification

1. The substitute specification and Replacement Drawing with 14 pages filed on 08-08-2005 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael McRae on 9-23-2005.

The application has been amended as follows:

- 1) Claims 1-39 are Canceled, and **ONLY** New Claims 40-65 are in this case.

Allowable Subject Matter

3. Claims 40-65 are allowed.

4. The following is an examiner's statement of reasons for allowance: The present invention is directed to a hand manipulated data apparatus for entering commands to a machine, comprising: a sensor(s) for accepting hand manipulations, the sensor(s) having a signal output, a electronics interface for converting the signal output from the sensor(s) to a format acceptable to the machine, attaching means for affixing the sensor(s) to the human hand(s) in combination with the electronics interface, the attaching means further positioning the sensor(s) to be manipulated by the opposing finger(s) and / or thumb of the same hand that the sensor(s) are mounted on, whereby the sensor(s) are only activated by a deliberate effort of the user, the attaching means further positioning the sensor(s) so as to avoid accidental sensor activation, whereby a user can hold a glass and perform other standard hand operations without accidentally activating a sensor(s).

The closest prior arts, Zngf et al (US 2004/0012564), Eng et al (5,638,092), either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
